

# In-House Luthier & Technicians

---

At Brighton Music Center, every instrument we rent or sell has been inspected and adjusted for optimal tone and ease of playability in our string workshop. This shop is headed by a professional violin maker who is an active member of both the Violin Society of America and the Guild of American Luthiers.

Our technicians are trained in the same time-honored traditions of craftsmanship that stretch back centuries to the golden age of European violin making.

Careful adjustments and the availability of a world-class violin restorer ensure that our instruments will consistently outperform the expectations of even the most exacting instructors.

When your students' instruments have been set up in the string shop at Brighton Music Center, *you'll hear the difference!*

# BMC Rental Benefits

---

BMC has a variety of unique offerings included with our rental programs. These are offered to make it as easy as possible for all students to be able to play an instrument!

- **4-Month Trial Period** - *we all change our minds; take your time and decide if it's the right fit.*
- **Protection Plan** - *same quality replacements are always ready!*
- **FREE School Deliveries** - *we will deliver any instrument & accessories directly to your school.*
- **Pre-taped Fingerboards** - *serviced and applied by our in-house Luthier*
- **FREE Size exchanges** - *your kids are growing fast, we will take the size exchange to your school for free!*
- **Rent-to-Purchase New:** *accumulate rental equity towards the purchase of a NEW instrument. Ideal for advancing players, you won't be stuck with your same, old rental!*

## WE ARE LOCAL!

---

You may be able to find a less expensive instrument online, but who's going to change your string when it breaks, stand your bridge when it falls, or adjust your soundpost to help you find the tone you are looking to achieve? *Even the best instruments in the world can't sound right if they haven't been set up correctly.*

To give a quality performance, you depend on your equipment. Your equipment then depends on the talent and experience of the technicians working on it. Our technicians are in-house, local, and ready to help.

Call or text our store, we can make a trip to your school within a week to exchange the instrument.

Or, stop in and you can leave with a working instrument of the SAME quality on the SAME day.
